LMS has a Year Round Commitment to Families

Pre-Kindergarten

LMS offers a fabulous Pre-Kindergarten environment for children ages 3-5. We follow the State of Ohio Early Learning Content Standards and teach an appropriate blend of academic readiness and social interactions to ensure that your child is ready for kindergarten.

We are committed to low teacher to child ratios and hold ourselves to a 10:1 ratio. (The State maximum is 12:1) With these high standards of service for our children, we hope to apply and achieve recognition from the State of Ohio as a Step Up to Quality Program within the next calendar year.

Our Pre-K faculty is experienced and all have had the required training in both curriculum and safety to ensure that your child is learning and well cared for while you are at work.

Just like our K-8 program, parent involvement in the Pre-K program is essential to your child's development. Quarterly parent conferences, weekly

newsletters and time to talk when you drop off or pick up are just a few of the ways we provide opportunities for parents and staff to keep in regular communication.

At LMS, we understand that parents need year round care options for their Pre-Kindergarteners. For this reason, our program is open year round, closing only for major holidays. (See our handbook) We are open Monday-Friday from 7:30 a.m. to 6:00 p.m.

School Age Summer Care

Children attend school for 10 months a year, but most parents work all 12! Beginning this summer LMS will provide full and part time school age care options for working parents and guardians.

LMS School Age Summer Camp is for children ages 5-12. The program will start June 16th and conclude August 22nd. It is open Monday through Friday from 7:30 a.m. to 6:00 p.m.

The curriculum for the camp will include structured sports activities, arts and crafts, reading and math tutoring and Vacation Bible School activities. Weekly field trips to the library and occasional trips to the zoo and local museums keep the focus on learning without classroom walls!
